

Congratulations to a West Australian Financial Adviser!

Western Australian financial adviser Steve Salvia has much to celebrate after being named a finalist in the 2009 Association of Financial Advisers (AFA) Financial Adviser of the Year Award. Steve's business, Southern Financial Strategies (SFS), was recognised along with 5 other dynamic Australian businesses and was the only WA business to make the top six finalists. This is an amazing achievement for Steve and his team, who have taken SFS from a start-up business to success story despite a challenging economic climate.

While proud to receive the award, Steve gains greater satisfaction from the knowledge of what his clients will derive from it. "This award shows that our clients have access to some of the best financial planning & accounting resources and support in the country. Knowing that we have that impact is what is truly rewarding for me." Steve is thrilled to have been recognised as a leader in his industry.

The following prominent industry members offer their congratulations:

Proud supporter of Steve's quality advice.

Congratulations and well done on behalf of Charter FP and AXA Australia - a great achievement and reward for you and your team in recognition of the hard work and professionalism in helping and supporting our mutual clients.

Congratulations to Steve and his team for successfully implementing the X Factor into his business!

Congratulations! Proud to be working alongside such a successful business.
